Falling In Love Is Not So Hard ...

Staying In Love Requires Work. It doesn't just happen. It requires skills. Skills that can be learned. Again and again couples who dare are finding that they don't have to settle for just getting by in their relationship.

You'll learn the secrets of happy couples: How to create a long-term, fulfilling, passionate relationship! Statistics prove that happy couples live longer, enjoy better health, greater financial rewards and a lot more sex than their single counterparts!

This seminar is also highly recommended for engaged or newlywed couples.

Why wait until problems, hurt and misunderstandings come before learning marriage skills?

Do it right from the start and avoid the pain altogether!

Topics Include:

Communicating with Style

- ✦ Understand yourself better - what really makes you tick.
- ✦ Understand your partner better - why is he/she so different?
- ✦ Improve credibility with your partner by learning to speak his/her language.
- ✦ What works in a relationship?
- ✦ What doesn't work in a relationship?

Managing Conflict

- ✦ Understand the roots of conflict.
- ✦ Learn how to fight right.
- ✦ Practical ways to get what you both want.

Creating Intimacy

- ✦ Hear Brian & Anne tell their deeply touching story of reconciliation.
- ✦ Be inspired!
- ✦ Understanding and meeting needs.
- ✦ Affair proofing a relationship.
- ✦ Sex - Candid, real and straight answers.
